In response to Councilmember Ogorchock, Unhoused Resident Coordinator Ridley explained that she would be leveraging resources from organizations that worked with the County's coordinated entry system.

Councilmember Torres-Walker thanked Unhoused Resident Coordinator Ridley for the presentation and discussed the inability of the CoCo LEAD program to move forward because their commitment to permanent housing vouchers had failed.

Unhoused Resident Coordinator Ridley responded that she would be exploring all options and she appreciated receiving additional information regarding CoCo Leads.

She requested data supporting the actions taken by Council in correlation to the money provided by the City.

In response to Councilmember Wilson, Ms. Bristol commented there were detailed budgets for the onsite staff who would be assisting individuals in getting the services needed to navigate to permanent housing. She explained case managers would be onsite during normal working hours and additional staff would be available during the evening/weekend hours to provide support services.

Mayor Thorpe clarified that if Council decided to move forward with this item, they would be requesting an RFP for a homeless services provider for the hotel and giving staff direction regarding grant opportunities.

Councilmember Torres-Walker stated that she supported the project moving forward and if Executive Inn continued to be the applicant to operate services, she requested the City commit resources to make the surrounding community safe.

In response to Councilmember Ogorchock, Mayor Thorpe clarified the lease for the hotel was on hold until Council decided if they wanted to move forward. He noted the final cost would be provided once a service provider responded to the RFP. He explained cost estimates were provided by the consultant based on their experiences.

In response to Councilmember Ogorchock, Ms. Bristol stated she could provide costs and results from navigation programs in other jurisdictions.

Councilmember Ogorchock stated that this program would displace individuals currently living in the hotel and if housing were not found for those rotating in, they would go back on the street. She expressed concern regarding the high costs associated with the project and noted it would not prevent the negative impacts associated with the unhoused. She further noted the program would be unsuccessful if services were not available and there would be no accountability if staff were not available to oversee what was occurring in the rooms. She commented that the goal should be to provide help to the unhoused to get them out of their situation.

Mayor Thorpe responded that they could remain reactive, or they could develop solutions to stabilize lives by providing the services needed to get the unhoused into permanent housing.

Councilmember Barbanica recognized the previous Council for earmarking funds for the unhoused and commented that \$140k for temporary housing remained unspent. He reported that he had met with the Contra Costa County Director of Health and Housing Homeless Services LaVonna Martin and toured the Motel 6 program in Pittsburg. He reported that Ms. Martin had indicated that the County had received an additional 100 vouchers for long term housing along with \$3M to help with rental assistance. He noted in further discussions with Ms. Martin, she offered to reserve a portion of their rooms for the City of Antioch under a contract basis. He suggested the City Council consider going with the County's program that had been proven successful and increasing the CORE team within Antioch to facilitate the process.

Councilmember Ogorchock supported vouchers for the homeless and Antioch hiring their own CORE team. She expressed concern regarding the costs associated with managing a hotel. She voiced her appreciation to Mayor Thorpe and Councilmember Barbanica for their work on the Ad Hoc Committee.

Councilmember Torres-Walker reiterated the importance of providing quality services to unhoused and housed residents.

Councilmember Wilson requested additional information on the Motel 6 concept and suggested the quarantining of at-risk individuals be addressed. She stated that she looked forward to hearing more regarding both proposals.

Following discussion, Councilmember Torres-Walker and Councilmember Wilson indicated that they supported moving forward with an RFP for Bridge Housing and Councilmember Ogorchock and Councilmember Barbanica indicated they did not support moving forward with the RFP for Bridge Housing.

Mayor Thorpe stated there was majority support for moving forward with the Bridge Housing Request for Proposals with direction that staff look at grant opportunities.

In response to Councilmember Ogorchock, Mayor Thorpe stated they could conduct forums with the local communities as it related to Bridge Housing.

City Manager Bernal clarified that staff would pursue an RFP for a Bridge Housing model for wrap around services as well as looking for grant and funding opportunities.

Mayor Thorpe stated the Motel 6 concept would also be brought back to Council. He reported Unhoused Resident Coordinator Ridley would be working on options for the money set-aside for homeless services.
